PUBLIC WORKS DEPARTMENT

Sir,

SUB: ESTABLISHMENT - TEMPORARY - SPECIAL STAFF FOR CERTAIN BRIDGE WORKS IN SOUTH KANARA DISTRICT - EMPLOYMENT OF - SANCTION - REGARDING.

....

The Superintending Engineer (Highways) IV Circle, has requested sanction for the employment of a supervisor for each of the following two works for a period of one year from the date of appointment. Details regarding the estimate amount, allotment, etc., are noted against their names.

| Name of Work. | Estimate Amount. Rs. | Allotment. Rs. |
|---|---|---|
| 1. Reconstructing the bridge at M.65/3 of Kalladka Kanhangad Road. | 50,500/- | 37,000/- |
| 2. Constructing a bridge across Matlai stream at M.55/1 of Mangalore Cheruvattur road; | 78,000/- | 46,000/- |

2. Both of the above two works lie in the limits of the Kanhangad regular section. The Kanhangad regular section is a heavy one having got an allotment of Rs.2,23,600/- to be spent in 52-53. The regular supervisor has to attend to many special works, including formation of village roads. The regular supervisor cannot therefore be expected to look after these bridge works also. The distance between the two bridge works is about 12 to 13 miles. Hence the employment of a special supervisor for each of the works is essential.

3. Item 1 of the works is a Post War Road Development work on a Government road. The work is in progress. The work requires the full attention of a supervisor for its speedy completion. Item 2 in a Road Development Fund work. The work is to be put on hand shortly. Recently Government have ordered that all Road Development Fund Works should be executed without any delay and every facility should be given to carry out these works. As the work is a Road Development Fund Work and has to be executed expeditiously and as the regular supervisor cannot bestow any special attention to this work, the employment of a special supervisor is absolutely necessary. The Government of India have not allowed any debit of establishment charges to the Road Development Fund. Hence, the cost on account of employing special staff for this work has to be met from the State Funds. However as the works are to be executed expeditiously I request that sanction of Government may be accorded for the employment of a supervisor for each of the two works for a period of one year from the date of appointment.

4. The expenditure is debitable to the head "50-Civil Works - e. Establishment - Highways Department - E. Postwar Reconstruction - (ii) Ex. Establishment - Pay of Establishment - D.A. etc." for item (1) and to "50 Civil Works - E. Establishment - H.W.D. - excluding P.W.R. - C. Executive Establishment - Payof Estt. etc." for item (2)

5. Early orders of Government are solicited.

The Divisional Engineer (Highways) South Kanara has reported that the two bridge works can be attached either to the Thikkali bridge Sub Division or Kasargod regular Sub Division. He has also reported that the supervisors working in the Sub Divisions cannot attend to these works as the work in the sections is very heavy. The Superintending Engineer (Highways) IV circle has also reitereted the necessity for sanction of two special Supervisors.

2) In the circumstances, I request that sanction of Government may be accorded for the employment of a supervisor on each of the two works as already recommended.

He has stated that the two works can be attached to either Thikkali or Kasaragod sub-dn's but the regualr supervisors of these divisions cannot attend to these works as they have many special works to attend. He has stated previously that the two bridge works are about 12-13 miles and the employment of two supervisors for each work is essential. It is submitted that previously for works of similar magnitude, the sanction of a special supervisor was proposed - vide item 3 of the annexure II of G.O.Ms.No. 1905 P.W. dated 25.8.45, but the work relates to the cement conreting road surface. Precedents in which supervisors were sanctioned for similar kind and magnitude are not readily avaialble. It is for consideration whether C.E. may be consulted in the matter. 2. P.W.D propose to accept the proposals of the SE (H). It may be mentioned that it is not usual to sanction a Supervisor for a work costing less than about Rs 1.5 lakhs. In the case of both the bridge works under consideration, the estimates are less than a lakh - in one case it is only ½ a lakh (bottom of p. 3 above.

The notes of P.W.D. on pp 1-3 above may be perused.

3. Kind attention is invited to item 3 on p 3 of Govt No 1905 P.W.D dt 28-5-48 at (2) and item 3 Annexure II on p. 15 of ibid. It will be observed that it was proposed to sanction a supervisor for a work costing Rs 58,000. It was ordered that orders sanctioning the employment of the staff in Hub should be issued after orders sanctioning the estimate for the works were issued.

4. Before the proposals for a Supervisor for each of the works under consideration are further examined in this Dept, P.W.D may be requested to state whether the estimate in respect of the road cement concreting work referred to above (at A) was sanctioned and Supervisor allowed for the work. They may also send up the connected papers and precedents, if any, in which a Supervisor was sanctioned for a work costing less than Rs 1 lakh
